- Residential

Panguitch City zoning ordinances: A sign permit shall be required for the erection, construction, alteration, relocation, or replacement of any sign.

The application shall include:

- 1. An attached scaled site plan and elevation drawing showing the sign location and dimensions;**
- 2. Construction details, materials, and mounting specifications;**
- 3. Lighting method, if applicable;**

Sign Type	Maximum Size	Maximum Height*	Permitted Use
Business	10' x 20'	50 ft	C1-C2
Home Occupations	3' x 4'	—	—
Property (Sale, Lease, Rent, Trespass)	2' x 3'	6 ft	All Zones
Public Information	3' x 6'	8 ft	All Zones
Temporary	8' x 12'	16 ft	All Zones

SIGN REQUIREMENTS

1. Signs shall not obstruct or interfere with traffic visibility, intersections, drivers entering or exiting roadways, driveways, or alleys. In addition, no sign shall be placed in a manner that creates a traffic hazard or obstructs visibility along state highways.
2. Signs shall not interfere with or be confused with official traffic control devices.
3. Maximum Brightness
 - i. Signs shall not exceed 0.3 foot-candles above ambient light levels, measured at the property line of the nearest residential use.
4. Glare Control
 - i. Lighting shall be shielded, directed, or diffused to prevent glare onto adjacent properties or public rights-of-way.
 - ii. No sign shall produce glare that impairs the vision of motorists.
5. Flashing or Moving Lights Prohibited
 - i. Flashing, blinking, intermittent, or moving lights are prohibited, except for time and temperature displays or public safety signs.
6. Digital or Electronic Signs
 - i. Shall have automatic dimming controls to adjust brightness based on ambient light conditions.
 - ii. Message changes shall not occur more frequently than once every 8 seconds, with no animation or scrolling.

Further ordinance information is available on request. If you have any questions, please call the city office at 676-8585. Thank you.
